Address: Ha Thukhutha Village, Thohoyandou, Limpopo, South Africa

Professional Summary

Applied Mathematics Honours student with a BSc in Computer Science and Mathematics, skilled in Python, MATLAB and numerical modelling. Award-winning Honours researcher (2nd place, UL–UJ–UNIVEN Symposium 2026) with teaching experience and strong communication skills. Seeking a role in data analysis, research, software development or education.

Education

BSc Honours in Applied Mathematics (In Progress)
University of Venda, South Africa
2026 – Present (Expected completion: December 2026)
Key modules: Numerical Solution of Ordinary Differential Equations, Numerical Solution of Partial Differential Equations, Partial Differential Equations, Matrix Analysis, Financial Mathematics, Programming

BSc in Computer Science and Mathematics
University of Venda, South Africa
2022 – 2025

Grade 12
Thohoyandou Technical High School, South Africa
2015 – 2020

Honours Research Project

Effects of Temperature-Dependent Thermal Conductivity and Absorptive/Generative Heat Transfer on the MHD Flow of a Williamson Fluid over a Nonlinear Stretching Sheet
University of Venda, 2026
Supervisor: Prof S. Shateyi — Co-supervisor: Dr K. Muzhinji

Work Experience

Teaching Assistant June 2021 – February 2022
Mbilwi Secondary School, Thohoyandou

- Assisted teachers with lesson preparation and the delivery of classroom activities
- Supported learners individually and in small groups to strengthen their understanding of schoolwork
- Managed marking, record-keeping and general classroom administration accurately and on time

Academic Achievements and Conferences

- **Position 2 in Applied Mathematics**, UL–UJ–UNIVEN Workshop and Symposium: *Enhancing Excellence in Honours Curriculum Delivery*, for outstanding presentation and academic excellence (June 2026)
- **Participant**, 18th Annual Workshop and Conference on Computational Mathematics and Modelling, University of KwaZulu-Natal, Pietermaritzburg (June – July 2026)
- **Facilitator**, Univen Mathematics Olympiad 2026; Certificate of Appreciation for exceptional facilitation (August 2026)
- **Participant**, Artificial Intelligence and Machine Learning Workshop, Department of Mathematical and Computational Sciences, University of Venda (September 2026)

Certificates and Licences

- Security Officer Grade B (PSIRA)
- Firearm Assessment and Training (Handgun) Competency
- Code 10 Driving Licence

Technical Skills

- **Programming:** Python, MATLAB, Java, C++
- **Mathematics:** Numerical Methods, Differential Equations, Mathematical Modelling
- **Databases:** SQL, Database Design
- **Tools:** Git, Microsoft Office, LaTeX
- **Concepts:** Algorithms, Data Structures, Simulation, Data Analysis

Key Skills

- Problem-solving and analytical thinking
- Research and technical writing
- Teaching and explaining mathematical concepts
- Attention to detail and time management
- Teamwork and communication

Languages

Tshivenda • English • Sepedi
